

Company Overview

Zivame was founded in 2011 with the vision to facilitate women to shop uninhibitedly for intimate wear and to make lingerie shopping comfortable. Zivame is now the No. 1 online lingerie company in India with 30 + retail stores and presence in 800 + partner stores across India. Our Mission is to be the destination for every woman's intimate needs. We believe that every woman is unique, and we want to deliver a platform that allows her to browse, discover and shop what is right for her.

All the products at Zivame stem from the desire to design something that is a blend of quality and comfort. Zivame offers trendy lingerie, active wear, sleepwear, and shapewear in over 3000 + exclusive designs and 100 + sizes catering to women across all body types.

Team: Technology

Position: Front End Lead

You MUST:

- Be Fluent in JQUERY and REACT
- Have 4+ years of experience.
- Be fluent in HTML, Javascript, CSS, Responsive Design and understand single page site designs.
- Have experience in developing mobile optimized, cross browser compatible pages.
- Know how to optimize a page for speed.
- Know how to use the developer console to debug JavaScript errors.
- Understand closures in Javascript and Global namespacing.
- Know how to use a source code repository.
- Understand how to resolve conflicts when using a Source Repository.
- Worked with JSON and AJAX extensively.
- Understand UI Frameworks like Bootstrap or Material UI with an opinion on when to NOT use them.
- Have experience working with AT LEAST ONE among the following: Angular, Vue, React.

It will be GREAT if you (and this is what we look for):

- Hate IE8 (with a passion).
- Have run into (or created) bugs by using duplicate class names (and fixed it).
- Have created JS files that have more lines of code than some of the backend code handling it (and possibly optimized it later).
- Have caused a page/site/feature to crash in production.
- Commonly pick fights with backend developers over wrong responses for AJAX calls.
- Hate IE8 (yes, we know we are repeating ourselves).
